PROFESSIONAL APPROACH TO BUSINESS, EDUCATION, CORPORATE, CONGRESS, SEMINARS, MEETINGS & EVENTS

DESIGN YOUR OWN MICE EXPERIENCE

Human interaction has never been more important. Companies like yours know the benefits of live social networking and its impact on relationship-building, information exchange, business growth and the career development potential of those attending.

Amadria Park is always innovating to offer you remarkable event spaces combined with impressive service for this experience to come into fruition.

Our enchanting **open-air venues** allow you to escape the usual fourwalled habitat to enjoy the health benefits of fresh air and nature's aesthetic. Picture a business lunch on the lawn amongst the dreamy olive groves of Dalmatian Ethno Village. Or your own chartered luxury yacht docked at the glamorous Royal Beach for evening networking cocktails.

Fortunately, our affinity for **open space** means our expansive meeting halls were designed to bring the outdoors 'in', including opening windows that allow for natural incoming light and airflow. For extra comfort, the halls are also fitted with commercial-grade ventilation systems. Our congress spaces are modular, offering customisable layouts to ensure that the required, ample seating distance between participants is maintained.

Our leisure and wellbeing activities stimulate the creative thinking talents of your participants in open spaces, enabling relaxed engagement and free-flowing exchange of information. We offer a wide choice.

OUR DESTINATIONS

ZAGREB

Zagreb's medieval town core, the hilltop district of Gradec and neighbouring Kaptol district, make up the historic Upper Town – the oldest surviving part of Zagreb today. Its web of cobblestoned streets host among the highest number of the city's attractions in a single area, including famous landmark the Zagreb Cathedral.

OPATIJA

The history of Opatija is closely connected to St Jacob's Church and its property, originally an abbey, for which the city of Opatija is named ("opatija" means "abbey" in Croatian). The Maiden with the Seagull sculpture is Opatija's most recognised symbol.

ŠIBENIK

An original Croatian city over 950 years-old, it was founded by Croats in 1066 on the sheltered Šibenik canal. It is home to two UNESCO World Heritage-listed sites: architectural wonder St James Cathedral, built 1431 – 1536 and Venetian period St Nicholas Fortress, built 1540 – 1547.

THINGS YOU SHOULD KNOW ABOUT ŠIBENIK

1. CROATIAN CITY OF ŠIBENIK

Šibenik, a medieval Dalmatian city first mentioned in 1066, Šibenik is the first original Croatian coastal town. It is surrounded by idyllic nature and historical spots that astonish and inspire. The former military and port city is experiencing a boom in the meetings industry that, through planning development, has been changing and significantly enriching the range of services and attractions.

2. ST JAMES CATHEDRAL – ŠIBENIK'S BEST-KNOWN LANDMARK

Built 1431 – 1536 entirely from local stone, now protected by UNESCO.

3. THE CITY OF FORTRESSES AND SPECIAL VENUES

Šibenik presents a highly sought-after destination that can offer meeting planners special venues spanning from modern incubators to medieval buildings. Šibenik's defence fortresses through medieval to Venetian times, St Michael's, Barone, St Nicholas' and St John's, are now revitalised to host truly unique experiences, serving as special event venues to incorporate into business functions.

4. ST NICHOLA'S FORTRESS – ŠIBENIK'S SECOND UNESCO SITE

It is the only Šibenik fortress located at sea, at the entrance to the Šibenik port

5. IT'S ALL ABOUT LOCATION ŠIBENIK REGION'S TWO NATIONAL PARKS

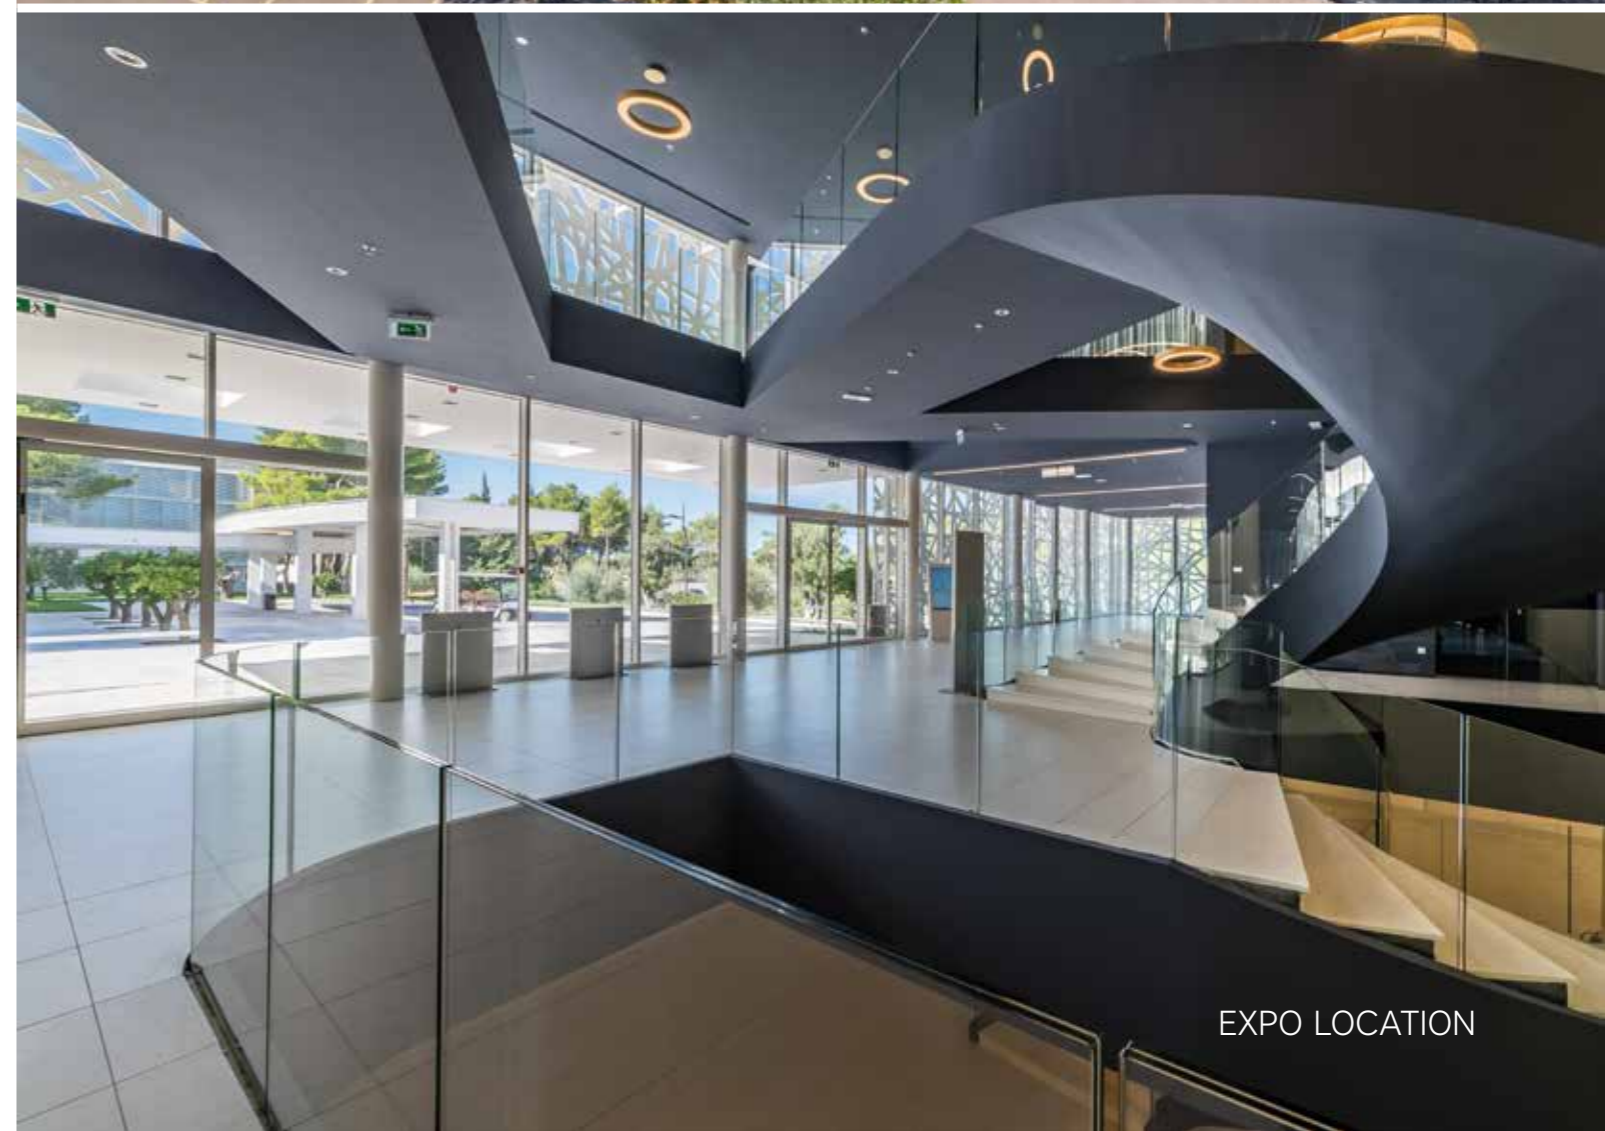

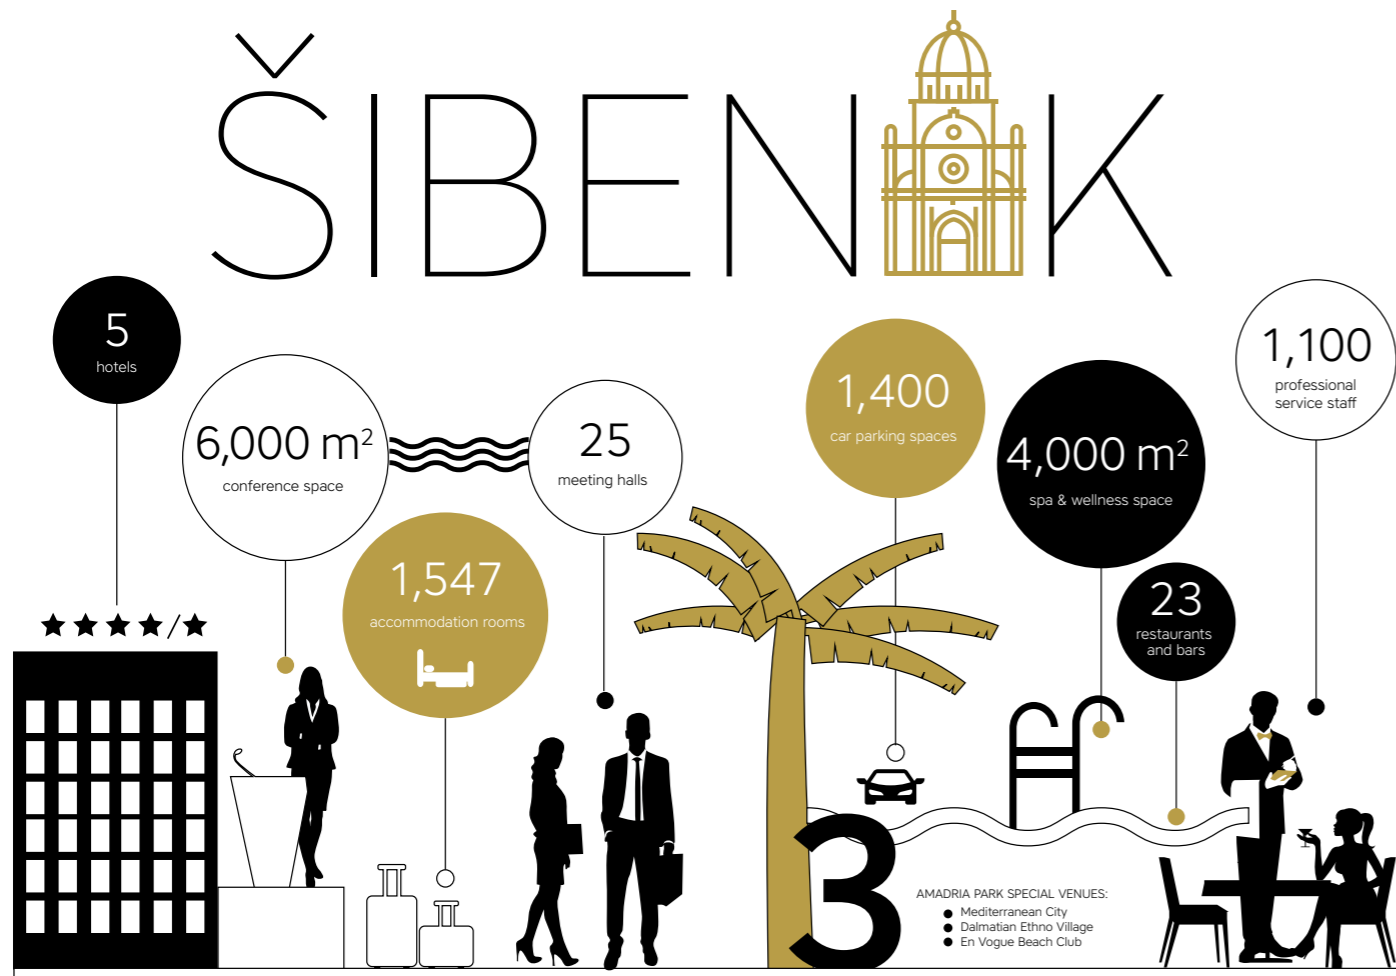

Located in the triangle of three extraordinary national parks – Krka National Park, Kornati National Park and Paklenica National Park – close to the Plitvice Lakes and Northern Velebit makes Šibenik particularly attractive. This fact gives Šibenik outstanding opportunities in the field of congress tourism.

Two of mentioned national parks are part of Šibenik region – Krka National Park with a spectacular series of cascading waterfalls and the breathtaking Kornati National Park with 89 islands and turquoise seas.

6. ŠIBENIK ARCHIPELAGO

A sailing paradise, and ideal for swimming and recreation, the Šibenik archipelago comprises 242 islands (with reefs and islets) including the Kornati Islands. Six islands are home to historic settlements, still active today, reachable by boat and ferry. Zlarin and Krapanj islands are prominent from Amadria Park and within close, easy reach.

Šibenik's coastline gives to a conference delegate the chance to enjoy the beach and all of its offerings with an enjoyable level of privacy.

THINGS YOU SHOULD KNOW ABOUT OPATIJA

1. WHY OPATIJA IS A GREAT LOCATION

Despite being close to numerous airports, a particular attraction of modern Opatija is still that it's a seaside resort only a few hours' drive from continental cities such as Milan, Vienna, Munich, Budapest, or Belgrade. Thanks to the closeness and the overlapping of great cultures, Opatija and its surroundings have always formed something of a multi-cultural hive, so pleasant for generating new visions and ideas.

2. TRADITION OF CONGRESSES OVER 130 YEARS

The tradition of congresses in Opatija is nearly as old as the tradition of tourism. One year after the

opening of the first hotel in Opatija, Dr. Theodor Billroth and the Austrian Southern Railway Company organised a meeting of balneologists in 1885, where they also discussed the issue of proclaiming Opatija a winter health resort. This was later confirmed by the emperor Franz Joseph II who officially declared Opatija a health resort in 1889.

3. FEEL THE MAGIC OF OPATIJA

Opatija has lots to offer: an impressive church in the centre of town, the fantastic Villa Angiolina with its park, statues made by renowned artists, and much more. Take a walk along the enchanting Lungomare coastal promenade, visit the Open Air

theatre – the venue of many musical spectacles, and discover the symbol of Opatija – the statue of the Girl with the Seagull.

4. SWEET TRADITION FOR ROYALS AND NOBILITY

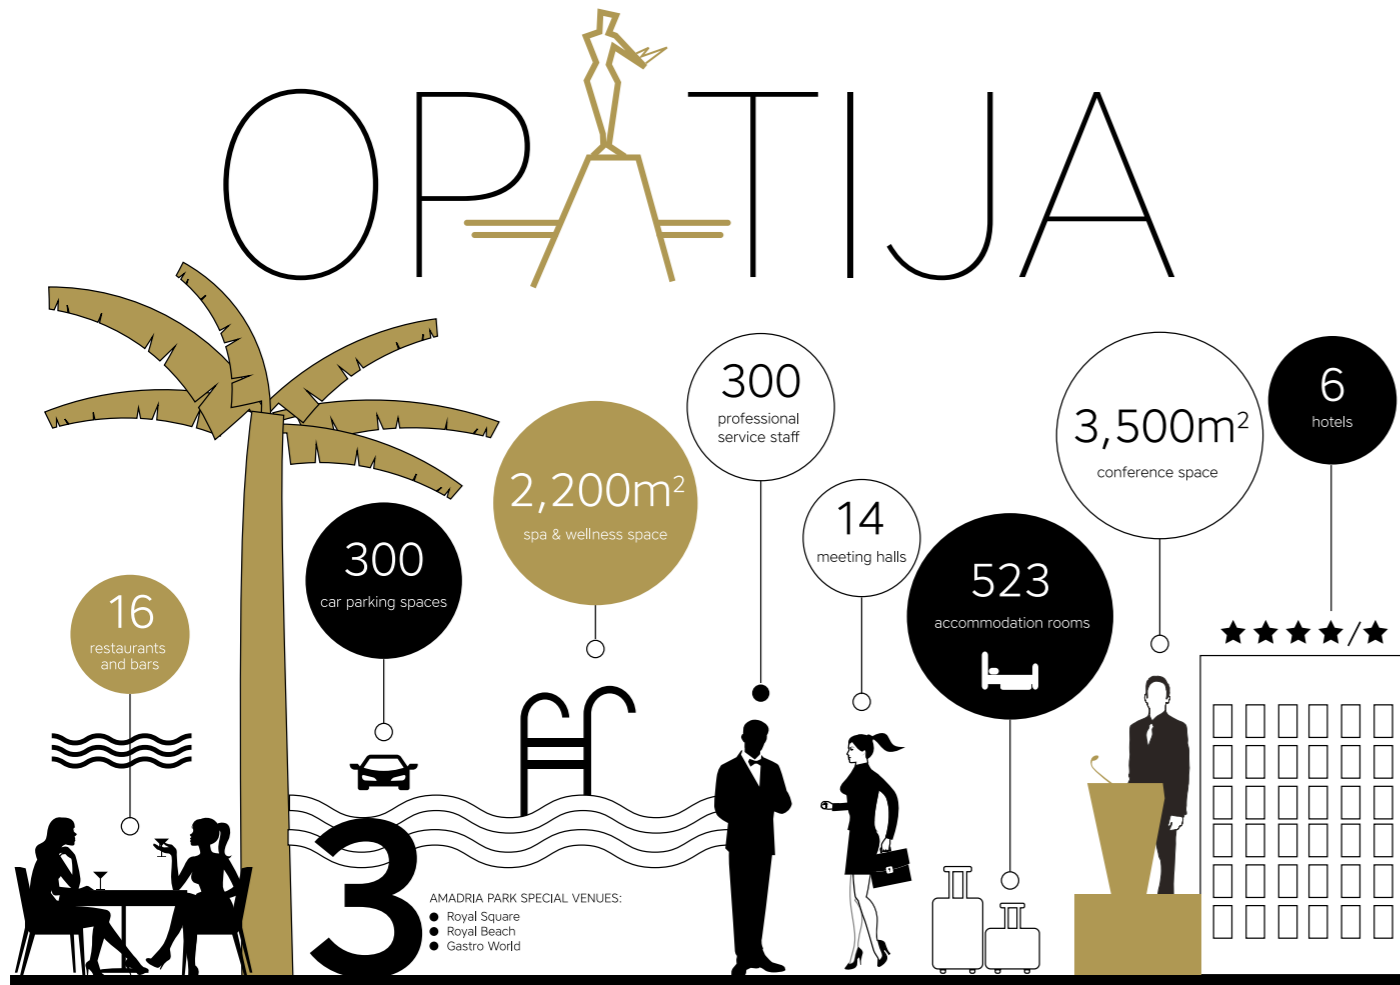

Habsburg era 'trend du jour' saw daily deliveries of pastries, cakes and sweets from Vienna and Budapest. Amadria Park's Gastro World holds up this tradition with its handcrafted, artisan pralines, chocolates, pastries and cakes

5. OPATIJA AND KVARNER – HOME OF THE WORLD'S BEST SCAMPI

Kvarner Bay is known for the world's best scampi, with their soft texture and sweet taste. Opatija's gourmet restaurants, including Argonauti at Hotel Milenij, specialise in local, fresh scampi daily. Natural wellness destination

6. AN OASIS FOR BODY AND SOUL

Opatija is the centre of a 30-km-long riviera set between the green slopes of Mount Učka and the blue expanse of the sea. Whether you tour the riviera along a winding scenic road or on a yacht, you will be charmed by the combination of cultivated scenery and unspoilt nature. The picture would not be complete without the famous Lungomare promenade, which is 10 km long. From royal Opatija to the medieval fortified towns and shepherd's hamlets on Učka, it is only half an hour's drive along scenic roads! Each of the places around Opatija has its own unique attraction. The charm of the fishing villages of Volosko and Mošćenička Draga, the urban rush of Rijeka, the absolute calm of the dazzling white pebble beaches and green forest clearings – miss out on just one of these and you'll never complete the picture.

AMADRIA PARK CONFERENCE PARK 25/7 MODERN INTIMATE CONFERENCE SPACE

Described as ‘a town on a small scale’, Amadria Park’s Conference Park 25/7 in Opatija represents a fresh approach to conducting business, in the city that already holds a firm reputation as a Croatia’s leading congress destination.

Our concept introduces a business tourism service with a difference. It rethinks the way companies work by establishing a new mindset, where business and leisure intertwine in a creative mix that generates fresh ideas and business growth. Through our Conference Park we introduce three formats, taking our MICE offer to another level,

with our ‘Sea Office’, ‘Out of Office’ and ‘Market’ concepts – designed so that participants can maximise the use of our immediate outdoor surrounds, such as Lungomare promenade, parks, terraces, pool decks and more. The ‘Market’ also serves as an incubator for business startups.

Conference Park 25/7 features 9 multi-purpose meeting halls with modern facilities, professional event staff, a high-quality food and beverage offer serviced by nearby accommodation in five luxury hotels with car parking facilities. All that you require for a successful business event in one location.

EVENT IDEAS BY AMADRIA PARK SEAFRONT, POOLS & OPEN SPACE

Conference Park 25/7 evolves with new options to represent your business meeting or event. Designed to make the most of your work space away from the office, we offer three formats:

SEA OFFICE

Combine an open-air office aspect with your event, making the most of our sea and parks location. Start your day with a healthy breakfast, yoga or Pilates session, or a walk along the Lungomare coastal – right outside the conference park and hotels. You'll have a renewed energy and mindset, ready for lateral thinking and new ideas.

OUT OF OFFICE

Creative ideas transpire outside of the standard working environment. That's why our 'out of office' concept encourages ideas in an original way. Exchange

the monotony of your office and urban city centre for our pleasant seafront space in Opatija, for a change in mental stimulus and escaping daily routine. Enjoy your lectures, workshops and seminars: in the open air, by the sea or pool, in a park, or on a terrace with views.

MARKET

For small businesses and start-ups doing business with a difference – we provide you with a platform for presenting products and services to the wider community and visitors. This format encourages progressive ideas, beginning at the local and regional levels, and growing beyond.

THINGS YOU SHOULD KNOW ABOUT ZAGREB

1. AN ESTABLISHED DESTINATION

Zagreb, the capital city of Croatia, is a well-known destination for meetings and events in which half of all conferences and other business meetings in the country are held. During its long tradition of hosting conferences and events, Zagreb has hosted a large number of international congresses and symposia, as well as sporting and other events.

2. SOMETHING NEW, SOMETHING OLD

Many conference and congress organisers emphasize the availability of everything the city has to offer as well as the fact that the main attractions and venues are located in the very centre

and are easily accessible. The Mimara Museum, the Croatian National Theatre, museums and the splendid historical halls in the Upper Town are all minutes away on foot from our Hotel Capital, thus providing an "added value" greatly appreciated by congress delegates.

3. ALL THE FACETS OF THE CITY

Zagreb's cultural scene is exceptionally interesting. The city's galleries host numerous art exhibitions and other events with many valuable exhibits and themes that make them unique even on an international scale. Every day and all year around, there is a wide selection of shows; from spectacular and

luxurious theatre plays to classical and avant-garde pieces, from concerts by Croatian and international stars to interesting festivals and events...

Zagreb is also known as a city of sports. Therefore, it should come as no surprise that Zagreb and its sports halls, including the Arena Zagreb, which has become an architectural landmark of the city, have opened up to international and domestic sporting events and have made sports their top priority.

4. HERE, NEAR YOU

Zagreb is a Central European city with an excellent geographical location and is easily accessible by road or air. Zagreb airport, a mere 15-minute drive from the centre of the city, has been upgraded with a new, modern terminal in 2017. For those coming by road, it is important to note that the Croatia's capital is connected to other European and Croatian cities by excellent motorways.

Everything is accessible and so close...

5. TELLING STORIES WITH INCENTIVES

Zagreb's rich history and dynamic present provide an inspiration for imaginative incentives. The romantic Upper Town is rich with stories, described in history books and novels by chroniclers of past times. Of course, Zagreb's incentive scene has another aspect, one that spotlights the present. You can join your hosts in discovering secrets of the city's graffiti; you can try resisting, if you can, the tempting wine and food on offer, or you can try and live like the locals in Zagreb, get to know the city's surroundings, explore the slopes of Medvednica Mountain or the Budek and Jarun lakes, Zagreb recreational areas...

These incentives include the whole city, as well as the picturesque area surrounding Zagreb. A concert in a romantic church, internationally renowned museums, castles and hot springs, wine routes... So many perfect scenarios for a story that will be permanently stored in the most demanding treasure house of all, the treasure house of the heart...
